INDIA GLOSSARY OF LIFE SKILLS

This is a step-by-step break up of the process used for developing the India Glossary

STEP 1. FORMULATING THE PRINCIPLES OF GLOSSARY DESIGN

The Glossary will be inclusive and encompass aspects of employability, as well as mental health & well-being.

STEP 2 EXHAUSTIVE LITERATURE REVIEW OF LIFE SKILLS, SEL AND 21ST CENTURY SKILLS FRAMEWORKS (63 frameworks reviewed)

26 frameworks were shortlisted and mapped by EASEL Labs of Harvard Graduate School of Education. [Click here.](#)

STEP 2 A (PARALLEL ACTIVITY) SURVEY & INTERVIEWS CONDUCTED - 50 NATIONAL AND INTERNATIONAL EXPERTS

Experts' views and insights gathered on life skills considered most important for today's youth.

STEP 3. GLOSSARY FORMAT FINALISED

Every life skill to be listed with a Definition, Skill-in-Action, Sub-Skills and Also Known As (Indian terms for each Skill)

STEP 4. GETTING VERSION 0.1 OF INDIA GLOSSARY READY

39 Life Skills shortlisted. Each skill defined based on further research & initial data from Step 2 A. Feedback sought & collated from all LSC partners. TTF's internal review team.

STEP 5. VERSION 0.2 OF INDIA GLOSSARY

Further analysis of data from Step 2 A & Feedback from partners resulted in Incorporating 8 new skills. Version 0.2 of India Glossary circulated amongst LSC Partners for feedback again

STEP 6. GLOSSARY VERSION 1.0 READY FOR PUBLIC VIEWING

This version has 51 Life Skills based on feedback received from Step 5. The term 'Sub-Skills' replaced by 'Related Life Skills' in the Glossary format. This version is available for public to review & give feedback
